Sir:

Your Committee on Insurance, to which was referred Resolution of the Florida Concrete Products Association, dated May 25th, 1927, in which the Governor and the Legislature are asked "to thoroughly investigate our claim of discrimination against our products, and to take such legislative steps as may be necessary to correct this wrong by proper action of any State body now having the power, or by any State body which may be created for that purpose, of fixing just and equitable insurance rates," begs to advise that there is not any person or State body authorized or empowered to fix insurance rates in this State.

In order to comply with the request made in the Resolution, it would be necessary to summon many witnesses to take such evidence to make the thorough investigation called for. The Committee regrets that in the few days remaining at this session of the Legislature it is impossible to make such investigation.

The Committee suggests that the Insurance Commissioner receive any data upon this matter that anyone may wish to furnish to him, and that he furnish same to the Legislature of 1929.
